

Behavioral
health care
wherever you
call home.

Our specialized in-home services promote recovery at home.

Our care teams support individuals with a wide range of behavioral and psychiatric health conditions with a focus on assessment, education and action plans.

Our in-home services include:

- Medication education and management
- Individualized and comprehensive care plan development including integration with community providers
- Diagnosis-driven specialty programs for anxiety and depression, substance use, trauma and the emotional journey of aging
- Support with food insecurity, transportation, housing, job education/ placement and navigation within the healthcare system
- Evidence-based screening tools
- Experienced behavioral health nurses, clinical liaisons and social workers

Are you or a loved one experiencing any of the following?

- Depression or anxiety
- Difficulty with the emotional journey of aging
- Coping with trauma
- Struggling with substance use
- Management of bipolar disorder or schizophrenia

If you answered yes to one or more of these, contact Elara Caring to learn how we may help.
